## Increase In Tourist Traffic To Historic Gettysburg Is Shown In Official Statistics

Gettysburg, one of the nation's greatest historical shrines, is setting a new record in tourist visitation. Travel to Gettysburg and over the battlefield has increased steadily since the war, and the figures for the first seven months of this year have surpassed comparable figures for the first seven months of the preceding years, according to records in the office of the National Park Service in the post office building.

A total of 362,051 visitors to Gettysburg have toured the battlefield from January 1 to August 1 this year, according to the statistics. This is 22,785 more tourists than the number who came here up to August 1 last year; 27,380 more than in 1947 and 94,454 more than 1946, which marked the first large resurgence of tourist travel after the end of hostilities.

Tourist travel, January 1 to August 1, 1948, is shown on the National Park Service records as 339,266; 1947, 335,671, and 1946, 267,597.

**Increase In Guided Trips**  
The number of guided trips over the battlefield and through the National cemetery increased from 8,960 for the same seven-month period in 1946, to 10,491 in 1947; 10,668 in 1948 and 11,141 thus far this year. The Park Service figures that only about one car in eight employs a guide. It also figures an average of four persons to a car, which is the basis on which the total tourist travel is figured.

Tourist travel during July fell short of the total for the past two years, however, according to the statistics. Last month there were 123,364 visitors, compared with 128,116 in July, 1948, and 136,729 in July, 1947. Back in 1946, before the tourist business really got back to "normal," the July total was only 83,678.

## PLAN TOMATO FIELD MEETS

M. T. Hartman, Adams county agricultural extension agent, announced today a series of field meetings to be held in the county to discuss and demonstrate tomato picking. The schedule is as follows:

Thursday, August 11, Norman D. Starry farm, York Springs, 1 p. m.; Group Brothers and Day, Gardeners, 7 p. m.; Friday, August 12, Paul Pitzer, Biglerville, 1 p. m.; John W. Bream, Orrtanna (tomato field near Hilltown) 7 p. m.

The demonstrations will be conducted by the extension service and J. O. Dutt, vegetable extension specialist from State College, will be in charge.

"Once again the tomato picking season is with us and many tomato growers in Adams county have already made the first picking and delivered tomatoes to the processing plants," Hartman said today. "Ripe, well formed tomatoes that are free from molds, decay and other injuries are preferred for canning. The percentage of red color and the amount of usable material are important factors in determining the grade. Special care is required to avoid injury to vines and unripened fruit. Stems must be removed in picking tomatoes for strained products. The basket should be handled gently to avoid bruising of the fruit and only fill the baskets level full."

## Gets Jail Sentence, Fine In York Court

William G. Harmon, Gettysburg R. 3, charged with failing to stop at the scene of an accident and with turning off the lights of his automobile to avoid identification, entered pleas of guilty in court at York Monday.

Harmon was sentenced to pay \$100 and costs on the first charge and to serve three months in jail on the second count.

Patrolman Lawrence E. Koontz, of the Hanover police department, prosecutor, told the court that Harmon drove his car into a police cruiser car operated by Koontz.

The officer testified that when Harmon was chased into a one-way street, he turned off the car lights in an effort to escape.

**CASE DISMISSED**  
A surety of the peace charge filed by Jesse Scott, Gettysburg R. 4, against Lester Miller, Gettysburg R. 3, was dismissed following a hearing before Justice of the Peace Robert P. Snyder Monday night, pending payment of the costs by the defendant.

## Shrine Club To Hold Picnic On Thursday

The Adams County Shrine club, Glenn L. Bream, president, will play host to the families of members at a family picnic Thursday afternoon at the Gettysburg Country club beginning at 1 o'clock.

There will be free golfing directed by Henry T. Bream. Swimming will be free for members and the wading pool will be open for kiddies and non-swimmers.

There will be a softball game, horseshoe pitching, bubble gum contests and peanut scrambles. The clubhouse will be available for those wishing to play cards.

A buffet supper will be served at 6:30 o'clock.

Everything at the club will be free to Shrine club members and their families.

## MT. JOY PUPIL ASSIGNMENT IS DEFERRED AGAIN

Mt. Joy township's school board held another long session Monday night—adjourning at 12:40 o'clock this morning—but delayed again final decision on the assignment of its grade pupils for the coming school year between Gettysburg, Littlestown or township schools.

Monday night's meeting was held at the court house with a state Department of Public Instruction official, county office and county school board officials and Gettysburg and Littlestown Joint district schoolmen in attendance for all or part of the evening.

The meeting was called more than two weeks after a petition bearing the names of more than 250 Mt. Joy taxpayers, including three members of the township school board, was presented to the office of the county superintendent of schools which forwarded the paper to the township board.

**Favor Gettysburg Schools**  
The petition, which was not read formally during Monday's meeting, asked the township board to "take such steps as may be necessary to join with the Gettysburg Joint School System as well as with the Littlestown Joint School System."

The petitioners held "that our community interests lie within the Gettysburg Joint School area rather than the Littlestown area" and "we are anxious that our children be included in the Gettysburg attendance area."

After discussing the problem with the county, state and Gettysburg school representatives, the Mt. Joy board met separately and discussed for more than a half hour means by which Mt. Joy might also join the Gettysburg joint while continuing within the Littlestown jointure.

J. Hugh Henderson, school business adviser in the state Department of Public Instruction, was recalled to the meeting and questioned further. Ten minutes later the board adjourned without acting on any recommendation to be made to the state office.

**Discuss Problems**  
In addition to Adams county growers and dealers, representatives were present at the meeting from York and Franklin counties. York county has 176,259 bushels in storage and Franklin county 63,081, it was announced. Among Adams county representatives present were Clarence J. Waybright, head of the Farm Bureau Cooperative; D. H. Sharrer, New Oxford R. 2, and others.

Arrangements for the local meeting were made Monday at a state grain meeting in Harrisburg, Swigert said.

Growers discussed also their storage problems and the possibility of obtaining federal aid or guarantees in the construction of additional storage space, and drying facilities. With improved methods in agriculture (Please Turn to Page 2)

## FIGHT CHARGES ARE "SETTLED"

Charges filed before Justice of the Peace John H. Baschore as the result of an alleged fight in a grain field on July 26 were settled out of court as principals and witnesses gathered for a hearing this morning before the justice. The two pairs of plaintiffs-defendants agreed upon the division of the costs in the cases, and charges were dismissed upon their payment.

There were six cases, three of assault and battery and three of surety of the peace. Charles D. Baird, Gettysburg R. 4, filed an assault charge against Jacob Rinker and brother, David Rinker, East Berlin R. 2. David C. Rinker in turn filed an assault charge against Baird's son, Charles J. Baird. Jacob Rinker also charged the son with assault.

The elder Baird brought a surety of the peace charge against David Rinker, and the two brothers filed surety of the peace charges against the two Bairs.

All of the charges grew out of a fracas alleged to have taken place in a grain field in Straban township. The Bairs were represented by Attorney Richard S. Brown and the Rinkers by Attorney Eugene Hartman.

## Ecuador Faces Problem Of Housing 100,000 Homeless

By JORGE MANTILLA

Quito, Ecuador, Aug. 9 (P)—The government faced the problem today of housing 100,000 persons made homeless by Friday's earthquake which gutted 50 communities and caused thousands of deaths.

A spokesman for President Galo Plaza Lasso said the government had not yet been able to compile a death list, but estimated that the toll might not exceed between 2,000 and 4,000. Previous estimates ranged up to 6,000.

The President announced Sunday that in the town of Pelileo alone some 3,200 had perished.

**Rushing Food There**  
Plaza told newsmen that in the ravaged city of Ambato 75 per cent of the houses still standing must be torn down.

He said the government had asked the American republics to rush tents to the area and that the United States already was sending emergency shipments of canned foods.

Plaza said his previous estimate of \$20,000,000 property damage might go much higher. The government plans a survey to get a definite figure.

The President's secretary, Miguel Albornoz, said the government plans to float a 20-year bond issue to get reconstruction going.

**No Houses Standing**  
Most of the victims in the town of Pelileo were caught in buildings that collapsed. Landslides from the mountains accounted for others.

Farmlands were flattened against the ground and fields were ripped

## Jesters Celebrate 25th Anniversary

Mr. and Mrs. W. Clayton Jester, Biglerville R. D., were honored guests at a lawn party held Sunday evening at the home of Mr. and Mrs. William M. Lott, near Gardeners, in celebration of the Jesters' silver wedding anniversary.

Out of town guests included Mr. Jester's brother and sister-in-law, Mr. and Mrs. Charles Jester and their daughter, Miss Nancy Jester, all of Pittsburgh; Mr. and Mrs. Donald Sincell, Oakland, Md., who were the Jesters' first friends in Oakland, Md., where Mr. and Mrs. Clayton Jester moved immediately after their marriage; Mr. and Mrs. James Brinton, Hanover, and Miss Mary Lechner, Harrisburg.

On Monday morning Mr. and Mrs. Clayton Jester left for a ten-day anniversary trip through the New England states and Canada.

## The Rainy Day We Save For

This is the fourth in a series of five articles on the subject of socialized medicine sponsored by the Adams County Medical society.

"As long as pain comes too often and death comes too soon to mortals, medical care cannot be adequate." These are the words of Dr. Frank Dickinson, a master statistician who said not long ago that the American people have chosen to spend 96 per cent of their budget for items other than medical care. Nobody in Washington decided that 148 million people did. The amount

## LOCAL PUPILS ARE ASSIGNED TO BUILDINGS

The executive committee of the Gettysburg joint school board, meeting Monday evening at the high school here, approved assignment of Gettysburg students for the forthcoming year, but did not immediately complete the assignment of youngsters in the townships surrounding the borough.

Board members talked over how to shuffle the classes around in various schools so that none would be overcrowded, and the children themselves would have the shortest distances to go to school. But no final action will be taken until after the individual boards involved have an opportunity to talk things over with their school bus drivers and see if their plans are feasible.

The assignment of Gettysburg students, as adopted by the board, follows: Pupils in grades one, two, three, four and six residing west of North and South Washington streets, excepting the Highland park area, West Broadway and West Lincoln avenue will go to the Meade school. In addition all pupils throughout the town in grade five will attend Meade school.

**Rural Assignments Later**

Pupils in grades one to four inclusive residing in the Highland park area, Steinwehr avenue, Baltimore, Carlisle, West Broadway, North and South Washington streets, West Lincoln avenue and intermediary streets will attend the High street school, enrolling in the rooms on the west side of the building. Pupils residing east of Baltimore and Carlisle streets will enroll in the rooms on the east side of the building.

Students in grade six residing in the Highland park area, Steinwehr avenue, West Broadway, West Lincoln avenue, North and South Washington streets and all streets east of North and South Washington streets will attend Lincoln school as will (Please Turn to Page 2)

## FAMILY OF NINE DISPOSSESSED

Mr. and Mrs. Fenton P. Markle and seven children, ranging in age from four months to nine years, were dispossessed Monday from the tenement house on the R. H. Sheppard property, Hanover R. 4, located along the highway leading from Swartz's school house to Westminster road, about a mile south of Mt. Pleasant, near Hanover.

Markle said he had no immediate plans for his family and had no place to go. The family split up Monday night.

R. H. Sheppard, owner of the property, said Monday afternoon he had orally notified Markle to move on several occasions. When the tenant failed to vacate, Sheppard said, he had a quit notice served at the end of March.

Markle, who is employed as a laborer in the machine shop of the R. H. Sheppard Diesel company, Hanover, said he had been notified by Sheppard to move but had remained in the home because "he had no place to go."

An "alias writ of possession" issued June 27 by Justice of the Peace L. G. Kuhn, Conowingo township, was served Monday by Constable Charles E. Smith, Gettysburg. Smith said today he made five trips to the Markle home in efforts to get the family to move before being dispossessed.

Household furniture and other effects of the Markle family were moved Monday in Shearer trucks. Gettysburg, to storage facilities at the Richard Walhay furniture store, West Middle street.

## Emmitsburg Youth On Duty In Japan

Private David B. Wantz, 18, son of Mr. and Mrs. Harry G. Wantz, Emmitsburg R. 3, is serving with the army's occupation forces in Japan.

Recently returned from the message center school at Camp Crawford, Sapporo, Japan, he is currently attached to the message center section of the communications platoon of Headquarters Company, First Battalion, 32nd Infantry Regiment. The message center section handles all messages to and from the battalion.

On July 12, 1948, in Frederick, Maryland, Wantz joined the army and was ordered to Fort Jackson, South Carolina, for initial training. From there, he was transferred to the port of embarkation at Fort Lawton, Seattle, Washington. It was from there, November 23, 1948, that he sailed for the Far East.

**SELLS SMALL FARM**

William and Anna C. Sessner have sold their 25-acre poultry and truck farm in Freedom township to E. P. and Emma M. Cathcart, Marshallburg, N. C. Possession will be given August 18. The sale was made by C. A. Heiges, Buford avenue.

## Merchants Ready For Dollar Days

Everything is in readiness for Gettysburg's semi-annual Community Dollar Days to be held Friday and Saturday with 56 merchants participating.

The official Dollar Day placards have been placed on light standards throughout the business district as a cooperative effort to give advanced notice of the approaching merchandising opportunities.

The 57 merchants who are taking part in the event will be identified by large orange and black pennants in their windows. These pennants carry the official Dollar Day emblem.

The official merchandising opportunity display announcements of the participating merchants will be published in The Gettysburg Times on Thursday.

## HOSTETTER HAS BEST PASTURE, JUDGES DECIDE

A. Irvin Hostetter, Hanover R. 4

has been selected as the winner in the pasture improvement contest conducted by the Adams County Agricultural Conservation committee.

Announcement of the awards of six places in the contest was made today. The judges completed their work Monday afternoon and the scores were compiled this morning.

Hostetter nosed out Edgar Leer, York Springs, last year's winner, to take the county honors for the best pasture. Leer's farm pasture won second place; third went to Mrs. Rose Murren, Hanover R. 4; fourth to George Geiselman, Hanover R. 4; fifth to Joseph Stoner, East Berlin R. 2, and sixth to Henry Wagner, Table Rock. Twenty pastures had been entered in the county-wide contest.

**Enters State Contest**

Hostetter's field will be entered in the state competition for the best pasture in Pennsylvania, the local conservation office announced.

Prizes will be awarded to the six farmers who placed in the contest. The prizes will be in the form of fertilizer and lime—to help them do an even better job of developing their farms.

Judges in the contest were Richard C. Lighter, county advisor for Agricultural education, and the following teachers of agricultural education in county high schools, Elmer Schriver and George Glenn, Gettysburg; Cecil Snyder, Biglerville; John Kratzert, New Oxford; and Herbert Heberlein, East Berlin.

**Plan Pasture Tour**

The county agricultural conservation committee announced plans for a tour of the top-ranking pastures, to be open to all interested persons, and to be held in the near future. During the tour the winning farmers will explain how they manage their pastures and what steps they have made for improvement.

Judging was made on production, quality and management with the judges studying the pasture in its early or flush period, and as it is at the present time; studying the use of fertilizer, freedom from weeds, abundance of legumes and other desirable grass for cattle, and how the pastures have been improved from previous years and how they are used, whether the pasture is given rest periods, how frequently it is grazed and the like.

## HANSON TALKS TO ROTARY CLUB

A similarity in national and international affairs between the present and in 1832, when Gettysburg college first opened its halls was pointed out to Harrisburg Rotarians Monday, by Dr. Henry W. A. Hanson, president of Gettysburg college.

"Now, as then, it is the job of the colleges to provide leadership to face periodic national crises," said Dr. Hanson in an address before the Harrisburg Rotary club luncheon at the Penn-Harris hotel, Harrisburg.

Dr. Hanson told the more than 200 members in attendance that Gettysburg college is glad to participate in the Chocolate Bowl charity football game sponsored by the Harrisburg Rotary club at Hershey Stadium on Saturday night, September 24.

Proceeds of the game between Gettysburg and Lebanon Valley college will go to the Rotary Youth Foundation, which supports Harrisburg youth activities by contributing to capital expenditures.

Ralph Evans, chairman of the Rotary football committee, announced that tickets for the gridiron event will go on sale today.

Dr. Hanson's talk was the first in a series from representatives of the two colleges and other groups interested in the Chocolate Bowl.

## CORP. BARTLETT HURT AS POLICE CAR IS DAMAGED

A state police automobile from the Gettysburg substation was damaged extensively at 5:30 o'clock Monday afternoon in attempting to avoid a collision with another automobile which was turning into a private driveway on the Bonneauville road 1.7 miles from Gettysburg and its driver injured.

Corporal Jack Bartlett, in charge of the substation, who was driving the state car, is in the Warner hospital with a laceration of his head and abrasions of his right shoulder, hip and thigh. His condition is not serious.

**Braked and Skidded**

Police said Bartlett, who was alone, was driving toward Gettysburg. An automobile operated by Joel Musselman, Gettysburg R. 5, going in the opposite direction, started to turn into Musselman's driveway, in front of Bartlett's car. The Musselman home is at the top of a grade up which Bartlett was approaching.

Bartlett applied his brakes and skidded on the loose stone on the edge of the paved part of the highway in attempting to swerve away from Musselman's car on the right side of the road, police said. His car ran up on an embankment before coming to rest with its wheels on the highway. The rear of the state police car bumped the left front of the Musselman car.

Damage to the state police car was estimated at \$700. Damage to Musselman's car was placed at only \$25. Bartlett was the only one injured.

## LUTHER SENTZ DIES SUDDENLY

Luther A. Sentz, 69, "M" street, Littlestown, died very suddenly about 4:15 o'clock Monday afternoon on his way home from his place of employment at the G. A. Buddy Cigar company, North Queen street. He was returning home over his daily route and fell over and died in the alley which connects North Queen street and James avenue. Coroner C. G. Crist was summoned and attributed death to a coronary occlusion.

The deceased was a son of the late Peter and Eliza (Wolfe) Sentz. He is survived by his wife, who was the former Emma Collins; eight children: Mrs. George Adams, Littlestown; Theron E. Sentz, Hanover R. 4; Richard J. Sentz, Crouthersville, Ind.; John A. Sentz, and C. Kenneth Sentz, Littlestown; Fred C. Sentz, at home; Mrs. James B. Newman, Gettysburg; and Mrs. Frank Ayers, at home. Twenty grandchildren and four great-grandchildren survive. He is also survived by a brother, Nathaniel Sentz, Littlestown R. D., and a sister, Mrs. Carrie Miller, Gettysburg.

He was a member of St. Paul's Lutheran church. Funeral services Thursday morning at 10 o'clock at the J. W. Little and son funeral home, Littlestown, in charge of his pastor, the Rev. David S. Kammerer. Interment in the Mt. Carmel cemetery. Friends and relatives may call at the Little funeral home Wednesday from 7 to 9 p. m.

## Convention Reports Received By Lions

The Gettysburg Lions club Monday evening at its meeting at Sheffer's park accepted an invitation from the Gettysburg Country club to hold a Family Night meeting at the Country club August 21. Arrangements for the evening will be completed by Lions committees.

President Donald M. Swope presided at the meeting with 85 Lions present. J. Herbert Raymond, Fred Wilkins, the Rev. Charles E. Held and President Swope concluded reports begun a week ago on the Lions International convention last month in New York city.

President Swope quoted the report of Secretary General Melvin Jones, the founder of Lionsism, saying that there are now 381,426 Lions in 26 countries. The new total of clubs is 7,427 after 757 new clubs were formed in the last year. Nations joining the Lions "family" last year included France, Bolivia, the Philippines and Norway. Jones said.

**ARRANGE PAINTER RITES**

Funeral services will be held Wednesday afternoon for J. Elby Painter, 80, of Dillsburg R. 3, who collapsed and died Sunday in Shibley Park, Philadelphia, before the start of a baseball game between the Cleveland Indians and Philadelphia Athletics. Mr. Painter retired on March 15, 1934, as a member of the Harrisburg police force.

**OAKES GETS VACATION**

Harry E. Oakes, dog law enforcement officer for Adams county, will be on vacation from August 14 to September 6, and cases will be handled by S. P. Dively, Carlisle, it was announced today.

## WOMAN SOLON WHO SPOKE HERE SEEKS DIVORCE

Mrs. Jeannette M. Dye, who is mentioned in the appended Associated Press dispatch, addressed the Woman's club of Gettysburg last March.

Mercer, Pa., Aug. 9 (AP)—Mrs. Jeannette M. Dye, 48-year-old representative to the state legislature from Mercer county, wants a divorce from her 52-year-old husband.

Dr. Ralph Dye, a Sandy Lake chiropractor and businessman, says he's "completely mystified" by his wife's action. After she had filed the suit yesterday, Dr. Dye said:

"Why, the first I knew of her divorce action was what I read in the papers. It's certainly a shock to me. I've given her everything she ever asked. Not long ago, I gave her a new Cadillac."

Mrs. Dye, who is staying with a sister in Grove City after a brief illness, said she received the new auto last May but quipped:

"It's in his name."

"Shattering Experience"

Dr. Dye, who is vice president of the Reznor Manufacturing company at Mercer, said the couple's 12-year-old daughter has been staying with him since his wife became ill two weeks ago. He said he was hopeful he and Mrs. Dye might achieve a reconciliation, adding that he didn't know "what indignities she is referring to in her divorce action."

"Indignities cover a lot of ground, such as incompatibility, slander and so forth," Mrs. Dye commented. She added:

"This is a very soul-shattering experience to me. I don't like the publicity and everything that goes with it. I guess I shouldn't have gotten mixed up in politics because there's so much publicity to what everyone does. I guess I should have remained plain Jane Doe."

Mrs. Dye is in her third term as a member of the state House of Representatives and is vice chairman of the House committee on welfare. Her career has been marked by a study of juvenile delinquency.

At the last legislative session she sponsored a bill to repeal an old law which provided punishment for women convicted of being common scolds.

## Bald Eagle Sighted At South Mountain

The bald eagle of South Mountain is back in its old haunts.

The magnificent bird was sighted Monday morning around 7 o'clock flying majestically along the ridge of South Mountain in the Pen Mar section.

H. R. Martin was motoring to work in Frederick from his home in the Pen Mar section, when he observed the eagle flying ahead of him just above the treetops.

"I wasn't more than half a block from the eagle as he came over the ridge of the mountain," said Martin. "I had seen a bald eagle before some few years ago near my home. They are not hard to distinguish—they have a certain rhythm in their flying and you can always tell them by their white head."

Several years ago two bald eagles were seen in the Harpers Ferry section. They had built a nest high in the cliffs along the Potomac and often were seen sailing over the countryside.

Raymond J. Wright, 28, of Washington, D. C., a Negro, was arrested at 11:30 Monday night by borough police and committed to the Adams county jail by Justice of the Peace John H. Bashore on a fugitive charge. Authorities said Wright was wanted in Lancaster for the theft of an automobile there. He was being held in jail for the Lancaster authorities.

## FORFEITS \$10 FINE

Harvey Miller, Gettysburg R. 4, arrested Saturday night on a disorderly conduct charge on Chambersburg street by borough police, forfeited a fine of \$10 and costs when he failed to appear before Justice of the Peace John H. Bashore for a hearing Monday afternoon.

## FALSE ALARM

The burglar alarm at the First National bank rang at midnight this morning. Bank officials said it was caused from a "test bell" on the door, which might have been closed too quickly Monday evening. The equipment will be checked when an expert comes here to repair the chimes clock on the corner of the building. The hands of the clock have stuck, the bank said.

The ice cap covering Greenland is estimated to be 5,000 feet thick.

ture, it was pointed out that the yields of corn have tripled, and storage space has been at a premium.

Growers or dealers are paid for the storage of corn, but have been loath to construct additional storage space unless some guarantee were given by the government that the storage price and support prices would be maintained over a period of years to give them a return on their investment. Corn has been stored in every available place, it was pointed out, some even in cribs made from snowfences. Growers also discussed damage to grain through uneven moisture content, induced by the relatively high humidity in this area.

## News Briefs

Honolulu, Aug. 9 (AP)—Hawaii's governor is expected to order seizure of the territory's strikebound docks today—101st day of the crippling tieup. The striking CIO longshoremen's and warehousemen's union promised to defy government stevedoring operations and test constitutionality of the territorial Legislature's new seizure law.

Lake Success, Aug. 9 (AP)—Secretary Gen. Trygve Lie has advanced a six-point program to strengthen the world peace organization and reduce the dangers of war. The program is outlined in Lie's fourth annual report which was published last night. The report, by far the most optimistic yet written by the secretary-general, said the fear of war has definitely decreased since his last report.

Washington, Aug. 9 (AP)—An unexpected split among Republicans over the 75-cent minimum wage added uncertainty today to the House debate on amending the wage-hour law. Leaders on both the Democratic and Republican sides of the aisle agreed the race between a 65-cent or a 75-cent minimum is "very close." Voting probably will not get started before tomorrow.

Washington, Aug. 9 (AP)—Democratic leaders virtually abandoned hope today for any social security expansion this year. They called this stand realistic, even though the house ways and means committee yesterday announced its approval of legislation to blanket 11,000,000 more persons under old age insurance.

## Businessmen Ask Excise Tax Repeal

Washington, Aug. 9 (AP)—Twenty-four national business organizations today urged repeal of wartime excise taxes.

Full-page advertisements in Washington and New York newspapers—addressed to "Mr. President"—asked that the tax be repealed "now!" x x "For the benefit of every business facing unnecessary loss and every person facing unnecessary unemployment."

"You have made the statement that nothing can be done to repeal the war excise sales tax during this session of Congress," the advertisement said, adding: "We must respectfully disagree!"

Organizations listed as sponsoring the advertisement included national associations representing motion picture, jewelry, fur, clothing, furniture, hardware, toilet goods, drug, music and variety stores interests.

## School Bus Stops Must Be Designated

School districts in Adams county face the task of locating and marking school bus stops before the 1949-1950 term opens. Signs marking the bus stops are part of the law passed by the 1949 Legislature requiring all vehicular traffic going both ways outside of built-up areas, with few exceptions, to stop not less than 10 feet from a school bus loading or unloading children.

So far as could be learned today, no districts in the county have yet secured the signs. A news report from Harrisburg today states that Dauphin County Superintendent of Schools I. D. App has written the 22 school districts under his jurisdiction urging bulk purchases of the signs to affect a saving in the cost.

Such areas, where signs will be erected, are to be designated by school district officials with agreement of state Highway Department officials, if the stop is along a state route, or with township supervisors or commissioners if alongside a township road.

State workers will erect the signs, but these must be purchased and maintained by local officials. The signs must be 18 by 12 inches with black letters on a white background.

all pupils, no matter where they reside in the borough, in grades seven and eight.

Assignment of the youngsters in Cumberland, Straban, Highland and Freedom townships will be announced later, as soon as bus routes are arranged, the executive committee decided.

Reports by committee members showed that plans are underway for cleaning and repairing the various schools in the joint system prior to the opening of school September 7. A resolution naming Richard Krick as a permanent professional employee of the school system was adopted. The resolution, a formality adopted in compliance with the tenure law, marked the completion by the art teacher of two years as a "temporary" employee of the school system. Under the law, new teachers must serve the two year "temporary" period and if they prove satisfactory for two years are given the "permanent" rating.

Plans to fence in the playground at Meade school were discussed, with Dr. Lloyd C. Keefeauver, superintendent of schools, pointing out that there is a danger of the youngsters running out into the street in the path of cars in the present "open" playground. Bids are to be sought on the fencing job and the board will decide, after it receives the bids, whether to go ahead with the project.

Lentz Legion and Moose were victors in Monday night's Community Softball league battles at Recreation Park.

Two homers in the second inning, plus a plethora of other hits, gave the Lentz Legion seven runs in the second inning and sewed up their game with the Cola Rangers, which the Legionnaires won 9 to 4. Sherman and Baker pounded out the four-base hits in that walk-around second inning during which the two teams between them secured 11 of the 13 runs in the game. The win boosted the Lentz Legion to sixth place in the standing, giving the squad a few percentage points more than that held by the Stanton Legion which was idle Monday night.

After a scoreless first inning, the Moose pounded through three runs in the second inning to take the lead in their game with the VFW, a lead they never relinquished. Another run in the fourth and five in the fifth gave the Moose a 9 to 3 win over the Veterans.

FIFTY YEARS AGO

**Damage by Storm:** The storm which swept over southern Pennsylvania and Maryland last Thursday was severe and did much damage to the growing crops.

The storm seemed to be at its worst through the northwestern townships, Hamiltonban, Franklin, Butler and Menallen where a large number of fruit and other trees were uprooted and many branches blown off. Noah Sheely estimates his loss from the destruction of his apple crop at \$5,000. The crop would have been an unusually large one this summer, but the wind blew the half ripe apples off the trees and ruined many of the trees.

During the storm the large bank barn on the farm of Elijah Wisler, in Butler township, was struck by lightning and burned to the ground, with all the year's crops, 8 hogs and 4 calves. The loss is estimated at \$2,500. The owner had some insurance on the building and half the crops, but the tenant's, Rush Myers, share of the crops was uninsured and is a total loss.

**Local Miscellany:** Quite a number of ladies and gentlemen have been visiting D. McCleary's camp at Socks' every day.

Mrs. Catharine Duncan has purchased from Martin Winter a lot of 80 feet front, on Lincoln avenue, on which she will erect a cottage.

The strong baseball team from Elizabethtown, one of the strongest amateur teams in Pennsylvania, defeated the Gettysburg team on Nixon field last Friday in a score of 5-2. Holtzworth, of the home team, made a star catch of a long low drive in right field. Sheely and Wolf also played good ball.

While playing in the ball room at Hotel Dennis, Atlantic City, Louise Duncan fell and broke her right arm.

The Ancient and Honorable Artillery company, of Boston, which will come here in October, is one of the oldest military companies in the United States and the second oldest in the world. The company received its charter from Governor Winthrop, in 1638, and participated in the Indian wars and the Revolution. It numbers 4 officers and about 650 non-commissioned officers and privates.

Ervin G. Keim, of Irishtown, and David E. Keim, of this place, enlisted at Carlisle, in the 28th Regiment, U.S. Infantry (volunteers) and will see service in the Philippines.

**Camping Party:** The following people left Tuesday morning for a week's camping at Starners, Md., along the Monocacy creek: Harry Holtzworth and wife, H. A. Elliott and wife, Wm. Gilbert, Miss Nellie Troxell and Miss Sinners, of Baltimore.

**Marriages:** Slenitz-Koontz, Aug. 6, at the Mountjoy parsonage, by Rev. W. G. Minnick, Augustus S. Slenitz, of Adams county, to Miss Katie A. Koontz, of Frederick county, Md. Tate-Kime, Aug. 6, at Arendtsville, by Rev. M. M. Noacher, James A. Tate, of this place, to Miss Mary E. Kime, of Butler township.

**Personal Mention:** Wm. McKnight is camping at Lake Muskoka, Canada.

Mrs. Nancy Swope and granddaughter, Miss Mary Swope, are spending some time in Philadelphia. Miss Amy Keith, who has been visiting her mother, has returned to Philadelphia.

Colonel Wm. Tinsley and wife, of Philadelphia, are visiting at the home of Mr. and Mrs. H. F. Sionaker, Breckinridge street.

Miss Pauline Mitten has returned from a two-months' visit to friends in Baltimore and Westminster.

Mrs. L. E. Pelly, of Homestead, who has been visiting Nicholas C. Wierman for several months, returned home on Monday.

Mrs. Mary Gilbert and daughter, of Chicago, are the guests of Mr. and Mrs. Thaddeus Welty.

Rev. Geo. M. Diffenderfer, wife and daughter, of Newport, are the guests of Mr. and Mrs. J. W. Diehl.

Mrs. B. J. Rahter, of Chicago, Ill.,

## Today's Talk

By GEORGE MATTHEW ADAMS

BE A SELF-DIRECTOR!

You know the old saying that everybody's business is nobody's business. Yet if you note the events of a single day you will hear many persons telling another how to shape his life, just how to run his job, or telling someone how he would do it, if he were that one. Usually this sort of a person, who is so free to tell others how to do certain things, has never done much along that line himself.

We usually find fault with other people by criticizing the defects which we ourselves may have to a marked degree. We ought to be SELF-directors, rather than OTH-ER-directors! We would then be too busy to run the rest of the world, and perhaps then the world might take note of us!

I often wonder how those who strike against the organization that pays them good wages would run that business. Would they shoulder the worry, the intricate problems, and often the losses, and heavy taxes, with a benevolent smile? Would they take the long hours, without limit, to deliver into the endless problems that must be met in a large organization? How would they treat their fellow workers?

I was amused some time ago, to note a place reserved, bordering a large construction job, just for "side-walk directors!" Many of the heads of our great business organizations were once day laborers. The late Henry Ford once showed me a contract with a Detroit firm which he signed for \$100.00 a month. I hope to see the time, however, when the humblest worker may share in the profits of the business to which he gives his best efforts and strength.

When we try to run some other or business, we are apt to end nowhere. To live our own life, constructively and efficiently, is a job in itself worthy of the best that any of us can give to it. By being a SELF-director—and sticking to it—we are mortgaged to no one. Even every failure is a revelation to a success. And then there is that most valuable of all character building processes—making achievement your own project.

Even a piccolo player in a great orchestra is important, though he plays the smallest instrument there. He is a SELF-director, and the first to note a false note would be the master director himself!

Tomorrow Mr. Adams will talk on the subject: "The Sky."

UNPLANNED

Who would this life for others plan  
Needs wisdom God denied to man.

A wind blows off a young man's hat,  
A maiden picks it up and grins.

And with a simple act like that  
Romance with all it holds begins.

He thinks: how beautiful is she!  
She wonders what his name may be.

They chat a moment ere they part,  
He asks if he may come to call.

Since that is how romances start,  
Their wedding follows in the fall.

"Do this! Do that!" we often say,  
As if both right and wrong we knew.

But God in a mysterious way  
Contrives His purpose here to do.

That man and maiden love may know,  
He bids a gust of wind to blow.

## ASSAILS STATE CAMP FOR BOYS

Harrisburg, Aug. 9 (P)—The idea of a state-sponsored free summer camp for boys "falls on its nose in actual practice," says Rep. H. G. Andrews (Cambria), House minority leader.

The Democratic leader referred to the Camp Penn project set up by the 1949 General Assembly at the nearby Indian town. Gap military reservation to give 2,300 poor boys two weeks in the outdoors.

Andrews charged that the campers were selected on a "a decidedly hit or miss basis."

He said some of the boys who turned up at the camp had been attending summer camps of one kind or another regularly for some years. The camp ended July 28.

Campers were selected by local school authorities.

"In some instances," he added in a statement, "parents who had made arrangements to send their son to a boys' camp cancelled the reservation and had the young man listed for the state camp."

The Legislature appropriated \$600,000 for the 1949 camp and next year's program, which includes a separate project for girls.

## Seven Hurt When Bus, Truck Crash

Coatesville, Pa., Aug. 9 (P)—A Greyhound bus and a truck trailer collided on the Lincoln highway today, injuring six bus passengers and the driver of the truck.

The accident happened about 6:45 a. m. (EDT) four miles east of here. All of the injured were brought to Coatesville hospital. Five were released after dispensary treatment of cuts and bruises.

Retained as patients were Mrs. Leah Evald, 55, of Trenton, N. J., a passenger, and the truck driver, Grover Fink, 37, of York. Hospital attendants said Mrs. Evald had possible internal injuries and Fink was being held for further examination for pelvis and chest injuries.

**HAY FEVER'S SEASON NEAR**

Harrisburg, Aug. 9 (P)—The prolonged dry spell that plagued Pennsylvania's farmers last month may prove a boon for the state's hay fever victims. The state Health Department pointed out today that the July drought affected ragweed growth as well as more beneficial forms of vegetation.

Ragweed—found along roadsides and on other untended ground—is one of the principal sources of annoyance to hay fever victims.

The Health Department's ray of hope was tempered somewhat by a reminder from Dr. J. Moore Campbell, deputy secretary, that the hay fever season will be in full swing by the end of August.

Pointing out that ragweed and other pollen-bearing plants will be in full bloom by the first of September, Dr. Campbell urged hay fever victims to steer clear of such growth until the first fall frost.

Proper medication, Dr. Campbell said, can reduce the hay fever victim's misery in many cases. Through modern tests, the victim frequently is able to track down the greatest sources of his suffering and then become desensitized.

One type of drug now being used, he said, can sometime ease such symptoms as sneezing and the sniffles.

## The Rainy Day We Save For

(Continued from Page 1)

If there were no sure and easy way to insure against serious illness and if the quality and quantity of medical care could be maintained and improved under government control, it is likely that the medical profession would accept a compulsory system of insurance. But nearly as many people are adequately covered now as would be under President Truman's costly health plan.

Almost 60 million people have over 80 million policies which protect them against the unexpected cost of illness and hospitalization. Does this indicate that we need a revolutionary change in the system? The growth of voluntary medical care plans in Pennsylvania alone in 1948 was 171 per cent over 1947. This is proof that the voluntary way is growing rapidly as the popular, accepted way for Americans to insure against illness.

**Non-Profit Plans**  
Blue Shield is a voluntary medical care plan available to wage earners. It is a non-profit plan, sponsored by local doctors through their medical societies. It is a plan under which you, without compulsion from the government or anyone else, subscribe to a medical care policy to help you pay your medical bills. It costs no more per family than your newspapers cost in a year. Best of all, you select your doctor, you send for him, you continue with his services or you change to another doctor—as you wish—and the record of your illness is confidential.

A similar plan, called Blue Cross, prepaies your hospital costs. In many parts of the country, the Blue Shield and the Blue Cross plans are available separately as well as under a single plan covering both hospital and medical bills. Steps are now being taken to extend the coverage in the few areas where it is not now available.

In addition to these two non-profit plans, whose directors serve without pay, there are many commercial plans approved by the medical profession. All can be obtained for a cost as low as a pack of cigarets a day.

**Not A Panacea**  
Insurance cannot cover every-

thing. It is not a panacea for all ills. Actually, it is impossible for insurance to pay for every loss. But a long illness is one of the "rainy days" we save for. Most families can afford a trip to the doctor now and then. It is the long, unexpected illness or operation that hits hard, and voluntary pre-payment insurance can take that load off your mind. Fear and worry are enemies of health and slow up convalescence. Your doctor knows that you will worry far less when you have the assurance that your doctor bill can and will be paid promptly.

Federal Security Administrator Oscar Ewing suggests that the payroll tax on salaries up to \$4,800 annually would be about \$96 under the compulsory plan. Voluntary coverage may be purchased for as little as \$25 per year for an individual or \$75 for family coverage.

It is wise to remember, too, that the employer will have to match your payroll tax with a like amount, under compulsory sickness insurance. Naturally he will pass this increase in costs along to you as a consumer in the price of goods. It is impossible for the payroll tax to adequately cover all the benefits the government promises, and so additional money will have to be taken from general tax funds. No one has ever gotten "something for nothing."

least of all from the government.

**Nothing To Gain**  
You may have heard about the American Medical Association's National Education Campaign. The AMA has never collected dues, and so they assessed their members early in the year in order to raise a fund for education and information

of the public. This money is not being used as a "war chest" to descend on Washington with a high-powered lobby. It is being used to produce pamphlets clearly outlining the pros and cons of compulsory and voluntary health insurance. The immediate objective of the National Education Campaign is to defeat legislation which would socialize medicine in this session of Congress—defeat it by a grass roots mandate of the people of America. The long range objective, and that in which we are most interested, is to expand as rapidly and effectively as possible the coverage of voluntary insurance plans. Because these plans are non-profit, the AMA and other organizations supporting them have nothing financial to gain from their efforts. Their desire to have the people adequately insured is a purely unselfish desire, motivated by the

principles of the AMA—to improve health standards in this country.

President Truman's plan for the extension of Social Security and the inauguration of compulsory health insurance has been called "cradle-to-the-grave" protection. Cradle-to-the-grave is simply a scheme whereby those closest to the grave fasten themselves on the paychecks of those closer to the cradle and ride piggy-back to the grave!

## ACHESON WILL BEGIN TALKS ON CHINA POLICY

By JOHN M. HIGHTOWER  
Washington, Aug. 9 (AP)—Secretary of State Acheson expects to begin consultations with Congressional Foreign Policy committees before the end of this session on the development of a new American policy toward China and the Far East.

Officials said Monday that the State department chief expects to have China studies well advanced this summer. It still seemed highly unlikely that they would result in any requests for new legislation before Congress adjourns.

Rep. Martin of Massachusetts, Republican floor leader in the House, said yesterday that Republicans "stand ready to join with the administration in the formulation of a strengthened China policy for peace."

**Other Developments**  
Other developments bearing on the general problem of trying to recoup the anti-Communist position and chart new lines of attack on Communism in Asia include:

1. The visit of Philippines President Elpidio Quirino begun here on Monday seems likely to give new force to Quirino's plans for promoting a non-military regional organization of countries in the southeast Asian area. State dept. officials were reported to be interested in Quirino's plans, although they would regard with disfavor any effort to form a Pacific military alliance including Nationalist China.

2. American Ambassador John Leighton Stuart and other diplomats from the Communist area of China are due here Wednesday. They will give Acheson and other policy makers first-hand reports and advice on what this country may do to accomplish anything against the Communist regime inside China.

**Americans Leaving**  
3. Raymond Posick, former president of the Rockefeller foundation, arrived Monday to begin his work with Ambassador Philip Jessup. Acheson's number one trouble shooter on the new China policy. Those two will be joined in a short time by

## Steeler Lineman Jumps For Money

Cambridge Springs, Pa., Aug. 9 (AP)—The bitter rivalry between the nation's pro football leagues flared wide open again today—a National leaguer has jumped to the enemy All-America Conference.

He's 23-year-old Johnny Mastrangelo, ex-guard at Notre Dame and until today a key man in the plans of the Pittsburgh Steelers. Johnny's decided to play for the New York Yankees. He said he jumped to the All-America conference because the Yanks are paying him more money.

"It was simply a matter of money," Mastrangelo said. "The Steelers couldn't meet my terms and the Yankees could. I've signed with them and I'll report next week."

"I'm not mad at the Steelers and don't want to say too much about my switch," Mastrangelo continued. "I played for them two years, 1947 and 1948. They treated me fine but this year they wanted to cut my salary. I didn't like that. I gave the Steelers plenty of chance to up the ante but they wouldn't and the Yankees offered me considerably more."

President Everett Case of Colgate University.

4. The State department expects soon to receive reports from Shanghai and other Communist area cities telling how many Americans want to leave China at once.

Indications have been that a large number of the 3,000-odd citizens (official and non-official) have decided there is no possibility of doing business under Communist rule and want to get out fast.

## CHINA'S SWING TO COMMUNISM TIPS BALANCE

By JAMES D. WHITE  
(AP Foreign News Analyst)

The Rising of the Red Star over China inevitably upsets the balance of power in a divided world.

The weight of 475 million people—a fifth of humanity—shifting from one side of the world-wide schism to the other is one reason for the White Paper on China published last week by the State Department. One of the most important things this White Paper did was to admit the futility of trying further to prevent the shift with the method used in the past.

That method was to support the legal government of China, as personified by Generalissimo Chiang Kai-shek. It didn't work.

If any new method is to work, it will have to answer many grave questions growing out of the great shift in world power that Red China means.

Three of these questions have been raised by J. D. Ferguson, editor of the Milwaukee Journal. He asks what the impact of Red China, as shown by the White Paper, will be on:

1. China's use of the veto in the

Security Council of the United Nations.

2. China's loss of influence among Western nations.

3. China's commercial treaties with Western nations.

In Red hands, the Chinese veto presumably would be used in Russia's favor, but Russia doesn't need this because her own veto is as absolute as anyone else's. The Chinese veto, however, might be used to give the Soviet veto a rest now and then.

**Added Prestige for Red Bloc**  
The danger would not come from the veto. From the standpoint of Western powers it would lie in the added prestige China will give to the pro-Soviet bloc of nations, particularly in the eyes of smaller powers having a racial and colonial background akin to China's.

The answer to Mr. Ferguson's second question—what about China's loss of influence among Western nations?—lies in the future course of power politics. The day may never come when Communist China can wangle a loan from Wall street. But it's probably already safe to say that Red success in China means more Western influence lost there.

**Trade for Russia**  
Very recently their local authorities in Manchuria signed a one-year trade agreement with Soviet Russia to trade grain for industrial goods. This may set the future pattern, but thus far is only a local deal.

Its importance lies in the probability that the China Kai-shek blockade of Red ports has made Red China economically dependent upon Russia.

Before the blockade was clamped on, the Reds were divided as to

what China's economic role should be. The blockade appears to have enabled the faction that favored pro-Soviet isolationism to win out over the group that considered trade with the west a necessity if China is to recover and develop.

**MORE POLIO CASES**  
Harrisburg, Aug. 9 (AP)—The number of polio patients in the Harrisburg hospital rose to 10 over the week-end with the addition of three new cases. The new patients are Mrs. Mary Louise Cline, 22, of Cumberland county, Mrs. Eva Snyder,

22, of Lebanon county, and Nancy Jane Witmer, 7, from Northumberland county.

## HUGE FOREIGN RECOVERY BILL PASSES SENATE

By DON WHITEHEAD

Washington, Aug. 9 (AP)—The multi-billion dollar foreign recovery bill sped toward final congressional action today after a stormy passage through the Senate.

Lawmakers expected a Senate-House committee to reach quick agreement on the somewhat different versions of the two branches have passed. Then Senate approved its bill late yesterday by a top-heavy 63 to 7 vote.

Senators ended almost two weeks of wrangling to shake the measure free from the confusion which had blocked action on more than \$20,000,000,000 in money bills in addition to other legislation marked "must" by the administration.

### Like House Measure

When the final showdown came, only six Republicans and one Democrat voted against the \$5,797,724,000 measure.

The lone Democrat was Johnston of South Carolina. The Republican opponents were Capehart and Jenner of Indiana, Kem of Missouri,

### 4-H CLUB MEETS

The fifth meeting of the Littlestown 4-H Kitchen club was held Thursday at the home of Nancy Slusser. The members of the club, under the direction of Miss Mary Jane Mickey, home economics representative, prepared two kinds of cookies and plain muffins. It was also decided to hold an extra meeting to plan an exhibit for the South Mountain fair at a date to be announced later.

The next meeting will be held at the home of Eileen Hartlaub, August 18 at 1:30 p. m. All members were asked to bring a menu for the Mother-Daughter banquet to be held later.

Langer of North Dakota, Malone of Nevada, and Williams of Maryland.

Despite all the sound and fury of debate, the Senate bill does not differ greatly from the House-approved measure. The Senate reduced the money totals about 10 per cent and added some amendments—none of which is expected to cause much trouble.

Kem made the final effort to amend the bill with a move to deny economic cooperation administration aid to any nation which in the future nationalized a basic industry. The Amendment was drawn to throw a brake on the British labor government's socialization program.

### Chiefs Of Staff Home From Europe

Washington, Aug. 9 (AP)—The joint chiefs of staff returned today, ready to give Congress the benefit of their 10-day conference in Europe with Atlantic pact nations military chiefs.

General Omar N. Bradley, Army chief of staff, General Hoyt S. Vandenberg, Air Force chief of staff, and Admiral Louis Denfeld, chief of naval operations, returned aboard President Truman's plane, the Independence.

They will lunch with Defense Secretary Johnson. Tomorrow they are to appear before the Senate Armed Forces committee.

General Bradley described the

conferences as "a grand start toward organizing the unity and collective security under the Atlantic pact."

## CZECHS GUARD PRIEST FROM ARREST BY REDS

By RICHARD KASISCHKE

Prague, Czechoslovakia, Aug. 9 (AP)—Police have put down a "revolt" in a Slovakian town where Catholics defending their priest from threatened arrest had set up their own local government, a Communist weekly news magazine reported today.

Aroused villagers led by a band of fighting peasants women had beaten up the chairman of the Communist-controlled local executive board, Svet Prace, weekly magazine of the Czechoslovak Communist party said. Two persons were reported wounded and "several" arrested in the incident at Stretco, in northwestern Slovakia.

### Town Punished

The magazine gave no precise date for the clash but said the offending village had its electric power cut off for several weeks, apparently as punishment.

Stretco is in the Zilina district of Slovakia where fighting between Catholic villagers and Communist-controlled police broke out about six weeks ago. Whether this was a

new incident or a report on details of former fighting now coming to light could not be definitely established.

(Vatican sources reported last week that new clashes had occurred in Slovakia.)

Svet Prace called the Stretco uprising a "revolution" and disclosed that state security police supported by workers' militia units were called to quell it. Peasants wielding flails and scythes were disarmed.

The Communist organ claimed Stretco citizens had chosen an "illegal" council of their own to replace the local government "after things were changed."

### Falls On Broken

Glass; Cuts Artery

Newark, N. J., Aug. 9 (AP)—A drinking glass which Morris Corprew, 38, accidentally knocked from his wife's hand cost him his life, police were told.

Corprew's wife said he stumbled against her in their home, knocking the glass to the floor and smashing it. Thrown off balance, he then fell on the jagged pieces.

Physicians at the Beth Israel hospital, where he died yesterday, said the cut glass severed an artery in his chest.

## FIRST GLIMPSE

## of a BRAND-NEW IDEA

HERE is a hint of something wonderful that's coming your way.

It is more than just the front end of the new Buick SPECIAL. It's a fresh new front end treatment—a "Buick first"—and it makes so much sense that it's safe to say it will start a new trend in styling.

Look it over and you'll see what we mean. Sturdy vertical bars, attached to the bumper, form the grille—and at the same time serve as bumper-guards, which makes it impossible for you to "lock horns" with the car ahead of you.

The bumper no longer projects beyond the grille—so inches are saved in the over-all length of the car.

Parking lights are deeply recessed. The grille is made up of

bars heavy enough to absorb all normal impact—and they're individually replaceable to cut repair costs in the unlikely event of damage.

Bumper, grille, bumper-guards and parking lights all become part of a single, unified design.

But—stunning as this brilliant bit of designing is—it's just a hint of all the new things you'll see when the new SPECIAL goes on display.

Even the price is good news. So watch for the full announcement—coming very soon—and you'll agree that more than ever, Buick's the one for you.
